

MyWay Kite&Surf Foil Camp

With great joy, we hereby announce the first MyWay Foil Camp.

Are you an advanced kiter, want to improve your skills and bring your kiting to the next level,...or are you just looking for a new adventure?

Then it is time now!

The MyWay Foil Camp is ready for you!

Foiling gives you the sensation of flying over the water and is even possible with almost no wind. It is truly magical and actually easier than it appears.

With our coaching, you will get into the right techniques to learn foiling safely and with a huge smile on your face. Our spot offers, with several flatwater spots in our endless lagoon, a huge playground, where we can practice undisturbed.

In the beginning, we will start with an e-foil, where you can choose the speed, so you can safely learn how to control the foil. In the next step, you will get towed by our high-performance boat to learn to react to a given speed. With this base, you can easily switch to a kite and improve your foil skills rapidly. In the evenings we will make a video analysis and enjoy time together with a lot of side events and great vibes. The camp is a complete, stress-free holiday package, that starts at the airport and includes everything that is needed to have a great time.

About us: "MyWay - Kite&Surf" is not just another Kite and Surf School, but a whole lifestyle concept that offers an unforgettable stay. You will sleep in our cozy little Hotel with water view on all sides and enjoy good food and drinks in our bar. Our shop offers you the newest equipment for testing and of course the best prices if you want to buy new toys.

Share your joy with like-minded people and become a part of the MyWay family- join the next MyWay Foil Camp.

See you in the water... hang loose

Every day you can expect the following in the form of different modules

- physical part (personal training/ workout)
- theory part (the theory of Foiling, the equipment for Foilkiting and related varieties, how to overcome your fear and more)
- practical part (E-Foiling, Wakefoiling, Kitefoiling)
- resume (video analysis of your personal performance, feedback and discussion rounds)

-resume (video analysis of your performance, feedback, and discussion rounds)

On four days we will work intensively on our performance in the form of lessons and the last day we will have a small MyWay Kite Contest where everyone can show what they have learned during the week.

This means that you can expect 5 days full of kite fun!

MyWay Event services:

- your week long stay in the MyWay Hotel
- Airport shuttle
- All kite lessons
- Shuttles to the kitespots
- theory lessons
- video analysis
- further activities to support your learning process
